

# Community School Parent Referral Card

Our current Community School students and parents are our greatest asset. You know better than anyone just how unique and special our learning environment is and therefore are our best ambassadors. If you refer a student and that student applies, is admitted, and enrolls as a full-time student at Community School, you will receive a one-time \$250 grant that will be applied to your child's tuition bill. The grant will be applied at the beginning of the semester in which the new student enrolls. **This card must be received prior to the receipt of the new student's application for admission.**
