

TECHNOLOGY

Q1

Tech Class w/Nicole & Madeline Middle Elementary

At this level, we meet once/week for 45 minutes. Here's what we have been working on in the first quarter of the 2020-2021 school year:

- Typing Club
 - Practice 1 time/week in classroom
 - Students should practice from home 2-3 times/week for 10-15 min
 - Focus on not looking at the keyboard and finding home row.
- Epic Reading App
- Beginning Online Safety - Protecting Personal Information
- Mousing Games
 - Students at this level often struggle with using a computer mouse with precision and speed. We work to build up the muscles, fine motor skills and muscle memory required to become efficient with using a mouse. We love ABCya.com for learning games that also allow us to hone our mouse skills!
